Advance-Nilfisk Parts - Think about how long and tiresome it will actually be to clean-up right after a party, without assistance from equipment. Not too long ago, the dust from upholstery and carpets had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the leading cleaning products during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Founding the business in 1906, he started to produce motors to be able to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's vision from the beginning was to own a worldwide business marketing merchandise internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one individual. This creation came in a time where numerous cleaning machines were huge and required 4 or more operators, therefore, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing crisis; stuff get dirty and have to be cleaned frequently, without too much effort.

Slowly but steadily, Nilfisk-Advance developed throughout the years. During the 1980s, this growth actually occurred when the company became a part of the NKT Group. Their new owners' determination and motivation made Nilfisk-Advance take a huge leap forward within the industry, trying to be among the leading international players in the market of professional cleaning equipment. Nilfisk-Advance is currently represented in every part of the globe by steadily acquiring lots of smaller companies to be able to expand their product portfolio and presence in new markets. They are really proud to offer various cleaning solutions to suit every need.
