

Rockwell Parts

Rockwell Parts - AxleTech International is a leading provider in the world of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its customers' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working within an atmosphere which encourages the highest integrity with empowered teamwork, combined with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great importance on being an environmentally conscious business and providing a safe surroundings for their employees to work in. Furthermore, they have applied numerous programs in the corporation to help articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any questions or comments, as they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely devoted to improving and preserving the natural environment. AxleTech has an EHS program which not only protects the natural world but which also actively protects their staff and neighbors also.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech particularly designs axles to meet particular application demands. They have over one thousand different axle specs in their present offering. With over one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in several military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be found in the "ISAS" product collection.
