

Concrete Hopper

Concrete Hopper - This accessory is a self-dumping hopper that automatically sets off to dump when bumper release touches the side of a dumpster. When dumping is done, the hopper returns to a locked and upright position. This piece of machinery even comes along with a cable which allows operation from the seat of the lift truck to be able to have the choice of manually unloading the hopper. There is a locking chain provided in order to secure the hopper to the fork truck. This product is constructed with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper likewise has a blue powder coat finish to be able to maintain durability.
